

REF MB Docket No. 04-233

KLOVE radio station is very important to our community. I've been listening to them for over four years and will continue to. I don't have time to go to church regularly so KLOVE acts as my church and the messages that come out from their songs and such touch me. Please don't give LPFM priority over FM as it will cause KLOVE to disappear in our community. There are so many people out there that need KLOVE to talk to their hearts, their souls, their minds. The KLOVE radio station is such a healing and educating radio broadcast. We need more stations like this to talk to our communities and society as they support wholesome values and positive and encouraging messages. Please don't let KLOVE go away with the LPFM. Thank you for your time and attention.
